LOOK OUT FOR LOCKJAW.

As Monday will be the glorious fourth of July and everybody is preparing to have a big time, we desire to sound a note of warning in regard to the use of toy pistols.

Official statistics show that 99 out of every hundred cases where the small boy, or in fact any one, who is injured by the use of toy pistols, result in lockjaw and death.

Just as much fun can be had in many other ways, and those not near so dangerous as this deadly toy.

Parents should see to it that their boys do not have these death-dealing toys.

Abolish them!

CHANGES IN CABINET.

The following changes in the Cabinet of President Roosevelt took place on yesterday, July 1st: Wm. H. Moody, of Massachusetts, became Attorney-General, vice Knox, resigned to become Senator from Pennsylvania.

Paul Morton, of Illinois, became Secretary of the Navy, vice Secretary Moody, resigned.

Victor H. Metcalf, of California, became Secretary of Commerce and Labor, vice Secretary Cortlyon, who became chairman of the Republican Campaign Committee.

J. W. Gayle asks the readers of this paper who are suffering with indigestion or dyspepsia to call on him at once and get a bottle of Kodol Dyspepsia Cure. If you know the value of this remedy as we know it, you would not suffer another day. Kodol Dyspepsia Cure is a thorough digestant and tissue-building tonic as well. It is endorsed personally by hundreds of people whom it has cured of indigestion, dyspepsia, palpitation of the heart and stomach troubles generally. Kodol Dyspepsia Cure digests what you eat. It is pleasant, palatable and strengthening.

TEACHERS EXAMINED AND PASSED.

On Friday and Saturday, June 17 and 18, an examination was held of applicants for positions in the common schools of this county. The following ladies were examined:

Mrs. Sallie Claxton, of Monterey, Miss Fannie Dally, and Miss Della O'Connell, both of Swallowfield. Their averages were very good and they were granted first-class certificates.

Dr. Weaver's Treatment.
Syrup for the blood; Cerate for skin eruptions.

GOOD CITIZEN AND BRAVE SOLDIER PASSES AWAY.

On Friday afternoon, Mr. John Trumbo, who lives at the Big Eddy, on the Glen's Creek pike, died, after a long and painful illness. Mr. Trumbo was about 70 years of age, and was born and reared in Bath county. He was a son of the late Hon. Andrew Trumbo. He had lived in this county ever since the close of the Civil War, in which he was a brave and gallant Federal soldier.

He had given his life to farming and stock raising, in which he was successful. He leaves a wife and two children—one son and one daughter—to mourn his death.

The funeral services were conducted by Rev. J. McClusky Blayney, D. D., on Sunday afternoon, from his home, and the remains were interred in our cemetery.

Mr. Trumbo was a genial and companionable gentleman and will be greatly missed by his neighbors and friends.

BUYS INTO BUSINESS.

Our young and handsome friend, Mr. Mason P. Brown, has purchased the interest of Mr. Robert L. Greene in the Frankfort Drug Co. business. Mr. P. own wound up the business of the J. E. M. Milling Co., in this city on Saturday. He is a first-class business man.

Mr. Greene, who thus retires from this business, found that his large and increasing law practice would require all of his time and attention, and he sold out as a consequence. We wish the new firm all the success possible.

SALES OF REAL ESTATE.

"Edgewood," the handsome suburban home of the late Col. John L. Scott, on East Main street, was bought on Wednesday, by Mr. W. McKee Hardie, for \$6,701. This is a very cheap piece of property. Mr. P. C. Sower bought the office building, on St. Clair street, for \$2,475.

FREE TRIAL TREATMENT

showing the perfect support our remedy gives will be sent on request. Confidential correspondence especially with physicians, solicited. Write today for our free book which gives our references, terms, etc.

MANHATTAN THERAPEUTIC ASS'N, Dept. B, 1185 Broadway New York City.

WILL LOCATE IN ST. LOUIS.

Mr. J. McClusky Blayney, Jr., who recently graduated with high honors from Harvard Law School, will locate at St. Louis, Missouri, for the practice of his profession.

NICE PRESENTS.

At the closing of the J. E. M. Milling Co.'s office, in this city, on Saturday, Mr. Mason P. Brown, chief bookkeeper, gave to each one of the four young ladies employed in that office a handsome Roman gold stick pin, with handsome settings. It was a graceful act graciously done.

USEFUL INFORMATION.

We are in receipt of a beautifully illustrated and printed booklet describing the Philippine Government Exposition at the St. Louis World's Fair.

It is full of valuable and suggestive information about the people and the industries of our new possessions in the far east.

Any one who expects to visit the Fair should have one of these booklets. Address Herbert S. Stone, Chief, St. Louis.

A little life may be sacrificed to a hot summer. Cholera infantum, dysentery, diarrhea comes suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

DEATH OF NOTED KENTUCKIAN.

Hon. Jas. A. McKenzie, former Congressman from the Second District and more familiarly known as "Quinine Jim", died at his home in Christian county on Saturday.

Mr. McKenzie was one of the most social and lovable men of his day. Brilliant and acute, he was universally popular wherever known.

For several years he had been afflicted with partial blindness.

He was Past Grand Master of the Grand Lodge of Masons, and stood deservedly high in that order.

In addition to having served in the Legislature, as Secretary of State under Gov. Cook, and in Congress, he was Minister to Peru under President Cleveland. While in that country his eyes became diseased and after his return to his home, he retired from all public position.

He was a fine man in all the relations of life.

(From the Danville (Va.) Register, June 22.)

LITTLE ELIZABETH CONWAY.

Died at the Home of Her Parents on Tuesday Morning.

Elizabeth Conway, the only child of Mr. and Mrs. L. B. Conway, passed away at 4:45 o'clock Tuesday morning at her father's home on South Main street. All that medical skill and loving care could do was done, but after a brief illness she died at the early age of nineteen months. She was a bright, sweet child, and not only the idol of her parents' hearts, but by her affectionate disposition and attractive qualities, she had won her way into the hearts of all who knew her. The whole neighborhood sympathized deeply with Mr. and Mrs. Conway in their great sorrow, and many will miss the sweet little voice and smiling little face of Elizabeth.

It is hard to understand the providences of God. From the human standpoint life held much of promise and of joy for this child; but we do not question God's wisdom or his love, and we bow in humble submission to His will, knowing that "He doeth all things well." He whose heart was filled with love for the little ones, and who said "Suffer the little children to come unto me," has taken her unto Himself—taken her before she ever knew the sin and sorrow of this world—taken her into that land of everlasting blessedness and glory. Little Elizabeth only spent a few months in this world, and then went to be forever with God. May he comfort and sustain the broken-hearted parents.

Another bud that is plucked to blossom in a brighter world.

Dr. Weaver's Syrup
Purifies the blood; Cerate (ointment) for the skin.

.. DEATHS ..

BURNS—At the home of his niece, in Louisville, on Friday, Mr. Thos. Burns, aged 72 years, of Bright's disease.

Mr. Burns was a carriage maker by profession, having learned the business with the firm of Heming & Quinn, in this city, where he was born and reared. For many years he conducted a carriage shop on East Main street, but had been forced to give up all business some two years ago, and had gone to Louisville to live. He was a widower, with no children. He left some considerable estate.

The remains were brought here on Saturday morning and interred in the family lot in our Catholic Cemetery.

He was a quiet and industrious citizen, upright in all his dealings.

GRAHAM—In this city, on Wednesday, Mattie McClure, infant daughter of Mr. Bernard G. Graham and wife, aged two months, of whooping cough. The funeral took place on Thursday afternoon at 4 o'clock.

WILSON—In this city, on Sunday, Mrs. Mary Wilson, aged 75 years, after a long illness. Mrs. Wilson was the daughter of the late Mr. W. W. Stephens, and was reared at that famous old-time tavern known to stockmen, the State over, as the "Billy Stephens Tavern," two miles from this city, on the Versailles pike.

She was a devout member of the Christian Church. She had been a widow for long years. She leaves two daughters, both married, to mourn her death.

The funeral services were conducted by her pastor, Rev. George Darsie, from the Christian Church, on Tuesday afternoon, and the interment was in the family lot in our cemetery.

BADLY HURT IN RUNAWAY.

Mr. S. S. Waincott, who lives in the Tigona neighborhood, this county, came to town in his buggy, on Wednesday morning, and when in front of the grocery store of Mr. John M. Banta, at Thorn Hill, the horse he was driving became frightened at a street car and ran away, throwing Mr. Waincott out, mauling and bruising his left shoulder very seriously, though not breaking any bones, so far as could be discovered.

Mr. Waincott, who is a large man, held on to the reins and succeeded in stopping the horse, not, however, without being dragged some distance.

The buggy and harness were torn all to pieces by the frightened animal.

Surgical attention was at once rendered.

The only wonder is that Mr. Waincott was not instantly killed.

UP TO SNUFF.

Our friend, Mr. Dan L. Kennedy, has the handsomest home in the city, and at all times and under all circumstances, has an orderly and quiet house—The Raleigh. Now that he has all his new fixtures, he has had a new grand old pavement put down in front of his place.

"DO IT TO-DAY."

The time - worn injunction, "Never put off till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day - and let that remedy be Dr. Boesche's German Syrup, which has been in use for over thirty years - it has done before it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. DISTINGUISHED LAWYER AND FORMER CITIZEN OF FRANKFORT DIES IN LOUISVILLE.

On Sunday last Judge Wm. P. D. Bush, for many years Reporter of the Decisions of the Court of Appeals, and citizen of this city, died at his home in Louisville, aged 81 years.

Judge Bush had served as Representative in the Legislature, Circuit Judge and Circuit Clerk of Hancock county. He had also served as Reporter of the Court of Appeals, and as a member of the City Council of this city. He also edited the Ky. Law Reporter with signal ability.

He was a man of fine ability, but at all times of delicate health, and the only wonder is that he accomplished as much work as he did under such adverse circumstances.

He was a devoted member of the Methodist Church.

He leaves seven children—three sons (Messrs. Finlay F. Bush, of Boston, Mass.; Sidney J. Bush, of Woodford county, and Harry R. Bush, of Atlanta, Ga.) and four daughters (Mrs. Kate B. Martin, Mrs. W. N. Caldwell, and Misses Carrie and Lily Bush, of Louisville), to mourn his death.

The funeral was conducted by his pastor, Rev. W. W. Pinson, of the Broadway Methodist Church, Louisville, on Monday afternoon. His wife had preceded him to the grave some seven years.

STRIKERS LOSE OUT.

Louisville Typographical Union, No. 10, after being out some two months on a strike, declared the strike off on Tuesday last, and adopted a rule allowing union printers to go to work in open shops.

The employers say they will pay good men the \$18 required by the union, but will not recognize the union's right to require all printers to be paid the same wages—merit being the qualification.

WHAT A DIFFERENCE!

Recently we were looking over an issue of "The National Unionist," a paper published in Lexington, Ky., by the editor of this article and our father, in 1865, when we came across the time table of the Frankfort, Lexington & Louisville Railroad which showed the time it took to run a passenger train from Lexington to Louisville to be five hours for one train, which did not make all the stops, and five hours and a half for the other, which stopped at all stations.

The through without change of cars—Consist of train—Pullman Observation Chair Cars, Dining Cars (meals a la carte) and High Back Passenger Coaches, vestibuled throughout.

This safe and convenient schedule will put you into St. Louis, not too early, but sufficiently early, and in ample time to locate yourself at your headquarters, and also affords an opportunity to rest up several hours before opening of the convention—noon of July 8th—or to visit various State headquarters and renew acquaintances with Democratic brethren and get your bearings in the World's Fair City.

These special train excursions have been arranged to accommodate not only the Kentucky delegates and their friends, but the various Democratic clubs, the Democrats. It is, therefore, expected that every Democrat will make an earnest and personal effort to attend this, the Banner Convention in the history of Democracy, and to influence their friends to the same end, thus insuring a solid front for Kentucky.

Delegates and Democrats from eastern and Central Kentucky should join balance of party at Louisville.

Our friend, Dr. U. V. Williams, is the first person to have roasting ears out of a home garden in this section of the country. This certainly is very early, considering the backward season.

The way that corn is growing all through this section at present, makes it evident that those of us who are not so fortunate as Dr. Williams will not have to wait much longer for our taste of this best of all vegetables or grains, whichever you choose to call it.

DEMOCRATIC NATIONAL CONVENTION OF INTEREST TO KENTUCKIANS.

The Democratic National Convention, to be held in St. Louis, Mo., July 8, will beyond a doubt bring together the largest and most representative gathering of Democrats from all sections of the United States that has ever assembled in the history of the party, and the "papa" of a Democratic State, that good old Commonwealth of Kentucky, will, by her delegates, be one of the most representative and largest delegations at this convention.

The side attraction offered by the Missouri Democrats in the shape of the Louisiana Purchase Exposition insures us the largest gathering and "getting together" of Democrats that the good old party has known. This is conceded.

Governor Beckham, National Committeeman Woodson and all the delegates at large have selected the Henderson Route as their official route to the convention, thus favoring a State railroad, that, geographically speaking, serves the entire State.

That the trip may be made pleasant, interesting and "comfortable beyond a doubt," especially for Kentucky delegates and their friends who will attend the convention, arrangements have been made for special accommodations from Louisville via the Henderson route on all of their trains of July 24 to 5th inclusive, and special rate of one far, plus 25 cents, has been made for the round trip, with final limit of fifteen days.

This line offers very improved train service as follows:
"St. Louis, N. Y. & Limited," leaves Louisville 8:00 p. m., daily, arrives St. Louis 7:20 a. m., through without change of cars—Consist of train—Pullman Sleepers, Free Reclining Chair Cars and High Back Seat Passenger Coaches. Trains solidly vestibuled throughout.

The through without change of cars—Consist of train—Pullman Observation Chair Cars, Dining Cars (meals a la carte) and High Back Passenger Coaches, vestibuled throughout.

This safe and convenient schedule will put you into St. Louis, not too early, but sufficiently early, and in ample time to locate yourself at your headquarters, and also affords an opportunity to rest up several hours before opening of the convention—noon of July 8th—or to visit various State headquarters and renew acquaintances with Democratic brethren and get your bearings in the World's Fair City.

FRANKFORT, JULY 2, 1904

PREVENTION OF TYPHOID FEVER.

Circular Issued by the State Board of Health of Kentucky.

To the Health Officials, Physicians and People of Kentucky:

This board again feels it to be a duty to call the earnest attention of our health authorities and people to the increasing prevalence and mortality from typhoid fever and to the consequent growing importance of the constant use of the methods endorsed and confirmed by scientific research and observation for the prevention of this disease. 13,205 cases of this disease and 1,579 deaths were reported in Kentucky last year, chiefly confined to people in the prime of life and usefulness. The cost of caring for those sick of it, to say nothing of the sorrow, suffering and loss of life, for the year, is reported as being \$303,700.

Typhoid fever is probably the most preventable of all diseases, not even excepting smallpox. It is now definitely known that, like cholera and dysentery, the germs of the disease are contained only in the discharges from the bowels and kidneys of those sick of it, and that it is necessary for a person to swallow some of such discharges or things polluted by them, in some way, in order to contract the disease. They usually gain entrance to the system through infected water from wells or streams draining inhabited areas, and polluted by infected fecal matter, or such matter may be carried by flies and deposited on the food, utensils and hands in unscrupulous kitchens and dining rooms, the germs may also be carried on the hands of careless attendants, or on soiled clothing, or indirectly, by using milk or other articles of uncooked food or drink from cans and vessels washed in infected water. Ice from infected water is also dangerous, as it has been proven that freezing does not kill the germs. A large volume of water may be filtered from one case, and if already polluted with organic matter, become a ready culture fluid for the multiplication of the germs. In the now noted epidemic at Plymouth, Pennsylvania, involving the sickness of 1,104 persons, and the death of 114, the outbreak was traced to the use of water from a stream infected by the discharges from one imported case. The recent disastrous epidemic at Ithaca, New York, causing many deaths, and requiring the suspension of Cornell University, was traced to the use of a public water supply similarly infected.

On the other hand, in the depressing and fatal epidemic which clung to our military camps at Chickamauga, Camp Mead, Montank Point, and other places, during the Spanish-American war, flies were found to be the principal carriers of the disease by the United States Commission appointed to investigate the origin of the outbreaks. By the use of white powder sprinkled over the discharges in the latrines, thousands of these pests were tracked down from these and found covering the food, hands and clothing in the kitchens and mess rooms of the common soldiers. Cures taken from the feet, legs, bills and claws of these flies, showed the germs of typhoid fever in countless numbers. The kitchens and mess rooms of the camps were screened, and they almost uniformly escaped the disease. Other facts not less convincing as to both water and flies being carriers of this disease might be multiplied indefinitely, if space permitted. In a smaller way, they must be common in the experience of most physicians in active practice.

Based upon the teachings of the foregoing facts, the following rules have been prepared with care for the guidance of all persons interested in their own and the public health:

1st. When it is known or suspected that a person has typhoid fever, he should be placed in a large, well ventilated room with the windows and doors well screened, and such preparation should be made from the first day for the thorough and systematic disinfection of all discharges from the bowels and kidneys as will pro-

Cured

At 70 of Heart Disease Contracted

During Civil War—Veteran Grateful.

Dr. Miles' Heart Cure Effected Cure.

Heart disease is curable, but in people of advanced age it does not readily lend itself to ordinary treatment. There is, however, hope for all sufferers in Dr. Miles' Heart Cure, which we know from watching hundreds of cases and from the letters of grateful sufferers, will cure where all else has failed. It is not only a wonderful cure for weak and diseased hearts, but it is a blood tonic, a regulator of the heart's action and the most effective treatment ever formulated for improving the circulation of the blood.

"During the Civil War I contracted heart disease, and in 1870, while living in the grand old town of Lexington, Va., I grew so much worse, I left there with my wife to visit my sister-in-law, Mrs. T. A. Kirby, at Roanoke, Va. While I was neither of any age, I never expected to live to return to the dear old town. On reaching Mrs. Kirby's abode I should try Dr. Miles' Heart Cure. I procured a few bottles of it, all of the Nervine and Tonic. After using one or two bottles, I could see no improvement, and I despaired of ever being better, but my faithful wife, in keeping up, which I did, my improvement soon began in earnest and I took in all fifteen or sixteen bottles. I was restored to perfect health and while I am 79 years old, I am comparatively a boy. You sir, are a benefactor, and I cheerfully recommend Dr. Miles' Heart Cure to suffering humanity."—J. L. test other members of the family.

2d. A solution of chloride of lime, eight ounces to the gallon of water, should be provided in quantity, and a quart of this should be put in the bed pan or vessel each time before it receives the discharges, and should be well stirred and allowed to stand in the vessel at least an hour before it is buried.

An equivalent solution of creolin, or a thick white wash made from the fresh quicklime, may be used in the same way when the chloride of lime can not be obtained, but will take at least two hours will be required to complete the disinfection.

3d. Soiled bed or body linen should remain in the chloride of lime solution for an hour, and may then be safely put in the family wash. Soiled paper or cloth used about the patient should be immediately burned. Attendents should wash their hands frequently, and their lips, and rise the mouth always before eating. No one should partake of any food which has stood in the sick room. All of these precautions should be continued until the recovery is complete and until all diarrhea has ceased.

4th. Typhoid fever is not contagious in the sense commonly understood, and if the precautions herein indicated are faithfully and intelligently carried out, a case may be treated in any family or community with perfect safety.

If others have the disease, it will be because they were infected from the same source as the patient, or contracted it elsewhere. The same precautions should be observed in dysentery and all other diarrheal diseases, including summer complaint in children.

5th. All well water and unfiltered water from rivers draining inhabited areas, where typhoid fever and other diarrheal diseases are likely to occur at any time, and milk stored in cans or vessels washed in such water, should be looked upon as suspicious, and should always be boiled before it is drunk by anyone not immune from typhoid fever.

In the absence of a reliable filtered, public water supply, carefully collected and properly stored, cistern water is safest.

The windows and doors of all dwelling houses, and especially of the kitchen and dining room, should always be well screened, and the flies actually kept out. Unless this is done, a carelessly managed case of typhoid fever, or other diarrheal disease, even a mile or more away, may be a source of danger on account of flies. As mosquitoes are now known to be the carriers of malaria the same precautions will protect from this disease also.

6th. The universal and effective practice of these precautions would require intelligent care and some expense, but it would be the practical disappearance of one of our most common and fatal domestic pestilences, which is not only a disgrace to our civilization, but an annual scourge and tax upon the people of Kentucky in comparison with which yellow fever and cholera, plague and other exotic diseases, so feared by our people, sink into insignificance.

Copies of this circular, and of others in regard to the prevention of consumption, diphtheria and scarlet fever, may be had by any one for free distribution upon application to the board at Bowling Green. By order of the board.

WONDERFUL NERVE.

Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there is no need for this. Buckle's Arnica Salve will kill the pain and cure the trouble. It's the best salve on earth for Piles, too. 25c. at all druggists.

A SENSIBLE DOG.

Mr. Grant L. Roberts has a Scotch Collie Dog, a thoroughbred, which has given evidence of unusual intelligence. When spoken to "How are you?" he holds up his paw to shake with you, and does other things equally as smart. But recently he has done something that caps the climax. Mr. Roberts' family are away and the dog insists on sleeping in the house with his master. One morning recently Mr. Roberts was awakened by the door bell ringing. He hastily donned his clothes and went down to see what was wanted. When he came where he could see the door, he found the dog with his paws upon the bell ringing away. So soon as the door was opened the animal darted out perfectly satisfied.

If you don't believe this ask Sam Smith. Pretty good dog story.

PILES UPON TOP OF PILES.

Piles upon top of piles of people have the Piles, and DeWitt's Witch Hazel Salve cures them. There are many different kinds of Piles, but if you get the genuine and original Witch Hazel Salve made by E. C. DeWitt & Co., of Chicago, a cure is certain. H. A. Tisdale, of Summerton, S. C., says: "I had piles twenty years and DeWitt's Salve cured me after everything else failed." Sold by all druggists.

LOOK OUT, DYNAMITERS.

A man by the name of Thos. Sheridan, who lives near the mouth of Flat Creek, was arrested by Constable New Shackleford, charged with dynamiting fish, tried before Special Judge B. G. Williams, on Saturday, and fined \$50, the limit of the law. Others implicated with the man have thus far escaped.

Dynamiters should take warning. The law will be enforced rigidly.

FORMER PROMINENT KENTUCKY WOMAN DEAD.

Some years since Miss Nannette Daisly was a conspicuous figure among Democratic politicians, having been a candidate for State Librarian once or twice. Later she was an ardent home-seeker in Oklahoma, in which she succeeded in getting a good farm. Still later she was married to a young Swede, a trooper in the Regular Army, by the name of Svegeburg. She then disappeared from the public eye.

After several years of married life, her husband was transferred to Chicago, Ill., leaving his wife behind.

Mrs. Svegeburg later followed her husband (who was some ten years younger than herself) only to find that he had secured a divorce and was married to another woman.

Being thus deserted, she returned to her home and, a few weeks since died. These facts were brought out by the fact that the lawyer, to whom her affairs were entrusted, has advertised for the legal heirs to the estate, which amounts to a nice little sum.

These facts show the uncertainties and mutability of all earthly things.

A SPLENDID ADDRESS.

Mr. F. C. Nannemacher recently delivered an address at the Convention of the United Typhothetae of America, at St. Louis, Mo., which is a model in its clearness of thought and correctness of statement of the issues involved in the "open" and "closed shops."

His argument is an unanswerable one that all employers ought to have the privilege of employing the best workmen to be had and of paying them according to their ability, in place of being compelled to pay inferior workmen the same wages, thus hampering their business and destroying their independence of action.

We have always thought the labor unions committed their greatest error right at this point. They ought to see the reasonableness of paying a better price, for good workmanship, rather than the general wage scale for all alike.

We commend Mr. Nannemacher's address to all thoughtful minds.

BUYS A MONKEY.

Capt. A. S. Petty, the jolly and popular conductor of the Frankfort & Cincinnati Railway, purchased a pet, in Cincinnati, on Sunday, in the shape of a monkey. There will be great times around where the Captain dwells now.

We are requested by the agents of the F. & C. and the L. & N. Railroads to give notice that there will be no local freight trains run by those roads on Monday next, July 4th.

Shippers will please remember this.

ARRESTED.

In our last issue we made mention of burglars being at work on the South Side. As an afterglow, Officer New White arrested a colored boy by the name of John Hawkins, on Wednesday afternoon, and lodged him in jail.

It developed that Hawkins had broken into Judge E. C. O'Rear's residence and had stolen a lot of clothing, as well as that he had taken from Mr. Roberts' place. He was found with some of the clothing on. He will take up his residence at Castle Lillard.

DOMESTIC TROUBLES.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure. 50c., at all druggists.

BADLY WRENCHED HIP.

Dr. C. K. Wallace was called to the residence of Mr. Thos. D. Hinde, near the Forks of Elkhorn, on Thursday night, to see a patient. When coming out from the light into the yard, which was very dark, he fell over the stone stile and badly wrenched his right hip and sprained his right wrist. He is compelled to go on crutches, but is thankful that his leg was not broken.

A VERY CLOSE CALL.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. I was about to give up. I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by all druggists. Price 50 cents.

WHOPPERS!

Mr. R. G. Tharp who lives on Mrs. L. A. Thomas' farm near Choateville, this county, brought to our office, on Tuesday, a sample of gooseberries that he has raised this season. Mr. Tharp has forgotten the name of this new variety, but he obtained them from a nurseryman near Lexington. These berries were as large as pigeon eggs, and were seven-eighths of an inch by seven-eighths of an inch of the lot, the smallest being but very little under that and some were an inch by an inch. He says these berries are not as acid as the older varieties, and make delightful tarts and preserves.

They certainly are the largest berries of that character it has ever been our fortune to see.

VALUABLE GIFT.

By his will, which was probated on Saturday, in the Fayette County Court, Judge J. Soule Smith left his Masonic books and his writings upon Masonic subjects, to Mr. Frank H. Johnson, of this city.

CRITICALLY ILL.

In a telegram from Owenton it is stated that Judge Joe E. Cantrill is totally paralyzed from his hips down, and is still at the hotel in that place, not being able to stand the trip back to his home in Georgetown. It looks like there was but little hope of his recovery.

A SACRIFICE IN THE ESTATE OF WM. C. WHITNEY.

The deed transferring the residence of the late William C. Whitney, at 87 Fifth Avenue, to James Henry Smith, were recorded yesterday in the Register's Office. The consideration, as stated in the deed from Harry Payne Whitney, as executor, to Mr. Smith, was \$1,000,000. The interior decorations and furnishing of the house are said to have represented an outlay of \$3,000,000.—N. Y. Times, May 24, 1904.

JACKSONVILLE.

Health good, not many on sick list.

Crops good and promising; corn and oats extra; tobacco medium; gardens fine; other crops in proportion.

Among the visitors are the following:

Mr. Wm. Hughes and wife, of Kansas, are the guests of his sister, Mrs. Sarah Moore. Mr. Hughes visited this community thirty-five years ago, and while here he made many lasting friends, who still appreciate his friendship and acquaintance. They were glad to meet him again.

Mrs. Sarah Moore entertained a number of friends and relatives Sunday, who gathered at her home to enjoy the presence and company of her brother, Mr. Wm. Hughes and wife, of Kansas, who are her guests. Quite a pleasant time was passed by them.

Mr. J. P. Moore and wife will visit the west this fall, and possibly locate there.

A series of meetings are in progress at this place, conducted by Rev. Ison, the pastor, and other help, of the M. E. Church.

Mr. T. J. Terhune has purchased a farm and will locate in our community.

Hurrah for the Roundabout.

CLOSE OBSERVER.

The property owners along the whole of the square between it and Shelby streets, on Third, on the South Side of the square, are having grand old walks, put down. This is a big improvement and has long been needed, as the sidewalk was very inferior heretofore.

FIREWORKS EXPLODE.

While unloading a box of Japanese torpedoes at the L. & N. depot, yesterday morning, a young man by the name of Walter Wright dropped the box which exploded, bruising his right arm and leg. Wright was carried to his home and surgical attention rendered. We are glad to say he was not seriously injured.

KENTUCKY GETS FULL SHARE OF HONORS.

At the National Educational Association at St. Louis, Mo., this week, Supt. E. H. Mark, of Louisville, was elected one of the Vice Presidents. Supt. S. L. Froge, of Columbia, Ky., was re-elected State Director for Kentucky. We are glad to see that Old Kentucky shows daily more and especially glad that Prof. Froge was re-elected. He has discharged his duties well.

HAPPY RESULTS.

Have Made Many Frankfort Residents Enthusiastic.

No wonder scores of Frankfort citizens grow enthusiastic. It is enough to make anyone glad to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done by Frankfort by Doan's Kidney Pills. Wingate Thomson, police officer, of 29 Murray street, says: "Ordinary backache is sufficient to torment the average mortal, but when there is added to it trouble with the kidney secretions which embarrasses you during the day and breaks your sleep at night, it is no wonder the sufferer is miserable and welcomes the means he employs to get relief. It is hard enough for anyone to endure such suffering and misery, but for one as heavy as myself it comes doubly hard. It was not until I learned about Doan's Kidney Pills that I found a remedy that would do just what was claimed for it. I procured a box of the pills at J. W. Gayle's drug store, and their use corrected the kidney secretions, relieved the dreadful aching in my back and helped me in every way. There is no need to have any doubt about Doan's Kidney Pills. They do exactly as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest, and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer clime, you will find that of the thousands of consumptives there the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. 1 yr.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

IMPROVED TRAIN SERVICE

Offered by the Henderson Route Between Louisville and St. Louis.

Commencing Sunday, June 10th, Kentucky's popular line, the Henderson Route will inaugurate a safe and fast day service between Louisville and St. Louis in each direction, and will improve the time and equipment generally of all trains between these points.

Three daily trains will be operated in each direction on the following safe schedules between Louisville and St. Louis:

Leave Louisville 8:30 a. m., 9:30 p. m., and 7:00 a. m. Arrive St. Louis 6:16 p. m., 7:20 a. m. and 6:10 p. m.

The equipment is brand new (just from the shops), of the most modern vestibule pattern and is as fine as on any train operating in or out of Kentucky.

The 8:30 a. m. train, through without change of cars, will be composed of Pullman Observation Parlor Cars, Free Reclining Chair Cars, Dining Cars and high back seat passenger coaches.

The 9:30 p. m. train, through without change of cars, will consist of Pullman Sleeping Cars, Free Reclining Chair Cars, Dining Cars and high back seat passenger coaches.

The Dining Cars on day trains will serve meals a la carte—you pay only for what you eat.

All trains will leave from and arrive in the Seventh Street Union Depot, Louisville, arriving at and departing from the magnificent new Union Station, St. Louis.

In purchasing your tickets to St. Louis or to points west, ask the agent for tickets via Louisville and the Henderson Route. He will have them in stock and will be glad to ticket you that way.

You will be satisfied in every respect with the accommodation and safe train service that is offered by this line, which has been termed the Official Route for Kentuckians.
